

SMARTGLOBE™
STAR

Item No.: ST328

Oregon
S C I E N T I F I C

Dear customer,

Thank you for purchasing the SmartGlobe™ Star Theme Globe by Oregon Scientific. This Theme Globe has been specially designed to enhance the learning content of our SmartGlobe™ Infinity*. We hope that this product will help you and your family to learn more about the many stars in our night sky. With the constellation mode and star activities, it further extends the world exploration beyond the atmosphere. As a truly international company, all of us at Oregon Scientific take a personal interest in designing products that help both children and adults understand more about our universe. It is our goal that you will learn something new and inspiring that might change your perspective of the world. As such, we hope that every day will bring a new adventure to your world using SmartGlobe™ Star Theme Globe.

*Smart Pen and base included with SmartGlobe™ Infinity (sold separately)

About Your SmartGlobe™ Star Theme Globe

Your SmartGlobe™ Star Theme Globe is supplied with the following parts; please contact Oregon Scientific if any parts are missing.

Star Theme Globe

User manual

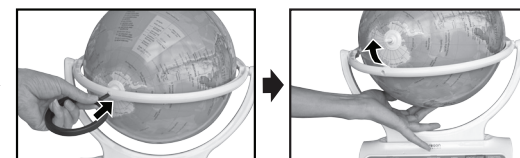

Activity panel

Theme Globe Stand

How to install the Theme Globe

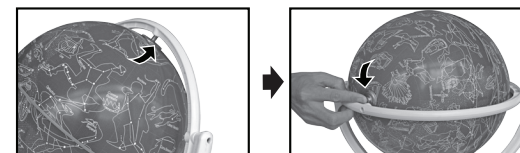

Step 1

Remove the Globe from the base of your SmartGlobe™ Infinity using the provided tool.

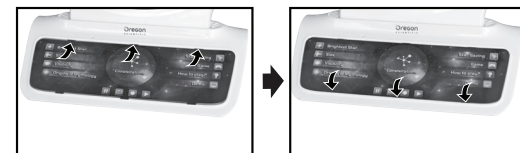

Step 2

Install the Star Globe on the base of your SmartGlobe™ Infinity.

Step 3

Install the Star Globe activity panel by sliding the tabs on the activity panel into the holes located on the base of the SmartGlobe™ Infinity.

How to play?

Here, you will find some tips on how to use the globe to view the constellations in our sky.

Constellations

Get to know everything about all the 88 constellations.

Brightest Star

Look for the brightest star of each constellation.

Size

Learn the size of each constellation and some cosmic objects in their area.

Visibility

Find out when a constellation is best to be seen in the sky.

Origins & Mythology

Learn the stories and myths behind each constellation.

Star Gazing

Discover which constellation is best-viewed in the sky depending on the time of the year and your location.

Game

Search and find the 88 constellations in our sky.

How to play?

Your SmartGlobe™ Infinity can be used in two different sound modes:

Built-in speaker

With the built-in speaker of the SmartPen.

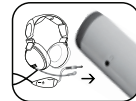

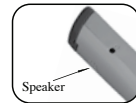

Headphones

With headphones connected to the SmartPen.

Volume Control

Press **-** and **+** to adjust the volume.

NOTE: Purchasing multiple SmartPens allows multiple users to learn with one SmartGlobe™ Infinity at one time; we recommend using headphones in this case.
